FEES

The Camp Fee is \$2000 for FOUR WEEKS, \$2500 for FIVE WEEKS, \$4500 for NINE WEEKS, and \$5000 for TEN WEEKS. Of this fee amount \$200 is to be paid as a deposit at the time of the application. The deposit is not refundable in the event of cancellation after April 1st. The remainder of the fee is due by June 1st.

Registration is accepted only for a complete session. No change in the camp fee will be made for late arrival or early departure.

Personal expenditures for stamps, toothpaste, film, and the like should not exceed \$45 for a session. This spending money should be deposited with our camp office. Unused balance in the camper’s account will be returned to parents at the close of the session.

LOCATION

DEEP WOODS Camp is in the Blue Ridge Mountains of Western North Carolina; seven miles south of Brevard, NC, off U.S. Highway 276. We are 40 miles south of Asheville, NC, 25 miles west of Hendersonville, NC, and 40 miles north of Greenville, SC. Elevation of the camp is 2500 feet.

Campers arriving by plane will be met at the Asheville Airport, and transported to camp without charge. Parents will receive information in May concerning travel schedules and baggage. Campers arriving by car should follow Highway 276 south from Brevard for four miles — turn right on hard surface Island Ford Road for nearly two miles— bear left on Walnut Hollow Road for about a half mile to camp entrance on left. Camp signs are placed at the turnoff from Highway 276 to Island Ford Road, at the Walnut Hollow Road turnoff, and at the camp entrance.

HEALTH

The health of our campers is a vital concern. Medical attention is provided by the Medical Associates of Transylvania Clinic in Brevard, and bills for those services are sent directly to the parents. Parents are notified immediately in case of any serious accident or illness. Our Health Examination form, mailed in May, must be filled out and returned by camp time.

VISITING

Parents who wish to visit camp during the summer are encouraged to do so on opening or closing day of either session. Visiting on other days during the session is discouraged. Experience has been a valuable teacher in this regard — we have found that boys who tend to be somewhat homesick are made a great deal more homesick by visiting parents, their own or anyone else’s.

And since we do spend much of each session away from the camp itself, a visitor’s day does not allow parents to watch camp in action as it would in the usual “in camp” sort of camp. Off season visits are welcome the year round.

Our telephone is not for use by campers. We do, however, welcome calls from parents who wish to talk with their son’s counselor or with the Director.

**YOU
SHOULD
KNOW**

Choice of a summer camp for your son should involve decisions on several levels in order to ensure a suitable match between boy and camp. Worthy of serious consideration are the reputation of the camp and its director, the director's experience and age, the camp philosophy, the qualifications and ages of the staff members, the length and cost of the camp sessions, the facilities, the activity level and the program specialization. DEEP WOODS operates a very active program that is not suited to overweight boys. Our specialization in a total wilderness adventure program means there are no in-camp alternatives. Applicants should want to come to DEEP WOODS, should be open to challenges and should have interest in outdoor activities. DEEP WOODS is *not* a treatment program. We will not accept any boy who has a "boot camp" experience in his past, or who needs such an experience. We will also not accept any boy who has a drug, alcohol or tobacco habit.

**WE
SHOULD
KNOW**

We have a genuine need to know of any circumstances or conditions concerning a camper which might have some bearing on his experience at camp. Parents who are aware of any physical or mental or disciplinary problems relating to their sons should pass this information along to us so that we might be able to direct special attention where it is needed. Without such knowledge we are considerably less able to provide the valuable sort of summer that we strive to provide. We should also know where parents can be reached during the summer should they plan to be away from home.

**WHAT
TO
BRING**

Camp does not specify a uniform. Because we spend much time in the woods it is suggested that the camper's clothing include items that will be suited to rough usage. The following list of items is suggested, although personal preference will determine what the camper brings.

Sheets	Swim Trunks	Lots of Socks
1 Pillowcase	Jeans	1 pair of Hiking Boots
1 Pillow	Shorts	Tennis Shoes
2 Blankets	1 Long Sleeve Shirt	1 Sweatshirt or Jacket
3 Bath Towels	Undershorts	Flashlight
Laundry Bag	T-Shirts	

Personal gear should include a LIGHTWEIGHT & COMPACT SLEEPING BAG, with a synthetic fill, a stuff sack or the sleeping bag, a BACKPACK with "H" TYPE EXTERNAL FRAME or INTERNAL FRAME and a padded HIPBELT, and a PONCHO. HIKING BOOTS should be worn before camp time — the best type is represented by the HI-TECH Sierra model and is lightweight, made of leather, fabric and rubber, and dries quickly. This type of boot requires little or no breaking-in, and is usually very reasonably priced compared to the old type leather boot. If parents need any help finding or choosing equipment we are glad to offer suggestions.

ETCETERA

All personal belongings should be clearly and permanently marked with the camper's name. Camp cannot be responsible for lost items but we do make every possible effort to help campers keep up with their possessions. Laundry, which is included in the camp fee, is done once a week and is the wash and dry sort — no pressing.

Our Camp Library is growing. Any books not wanted at home, and suited for camper reading, will be very welcome additions to the library.

We do not allow smoking or any use of tobacco in any form during camp, either in camp or on any trips. Use of alcoholic beverages or non-prescribed drugs is also strictly against camp rules.

We request that no candy or food be sent to campers. Observance of this request will eliminate a multitude of problems that are inherent with food packages.

We like to grant cabin requests where possible but we must reserve the right to make final decisions as to cabin assignments.

The Director reserves the right to dismiss any camper who is considered to be detrimental to the general welfare of the camp community. In the event this is necessary no refund is made for the remainder of the camper's session.
